Issue 1 :

Problem : ORA-00060 Deadlock Detected while xtsf processing

Solution : ASNOut RIB processing was causing multiple deadlocks to the XTSF processing. Stopped RIB process which resolved this issue.

Issue 2 :

Problem : ORA-00060 Deadlock Detected while xtsf processing

Solution : Multiple XTSF was being processed for same warehouse causing the deadlock. Resolution is to re-try the failed messages again.

Issue 3 : ORA-00001 unique constraint <TABLE_NAME> <ITEM=4331>

Solution : unique constraint error to be checked for the processing job and remove the duplicate record from <TABLE_NAME> to avoid this unique constraint

SQL QUERY=Delete from <TABLE_NAME> where item=<ITEM>
